

Product Marketing Manager

For Edge Computing/Private Cloud Solution

antsle is seeking a **Product Marketing Manager** to join our innovative team. antsle is a rapidly growing startup that has created a solution for Edge Computing and Private Cloud Computing, consisting of both **hardware and software**. Developers & geeks alike love antsle because of its affordability and built-in privacy compared to public hosting. The antsle Private Cloud Server ensures an efficient and joyful user experience by combining cutting-edge hardware with our preinstalled software anstleOS and antMan. Our antsleOS is based on the mighty Gentoo Linux with libvirt technology, supporting both KVM and LXC virtualization. If you're passionate about giving freedom, control and data ownership back to the people then this is the place for you!

Fun things you'll be doing to make an impact:

- Partnering with both our agile development and marketing teams to put plans into action!
- Working to fundamentally change the hosting industry and decentralize the web.
- Own the technical marketing of our product, which will be a game changer in the world of tech.
- Further create and optimize messaging and targeting to developers and tech companies.
- Be a key contributor to the marketing strategy, product direction, and help drive the execution of our mission.

Skills that will help you succeed:

- Technical copywriting (1+ years)
- Technical product marketing experience (2+ years)
- Understanding virtualization concepts and server management
- Understanding software developers' psyche and ability to target our messaging to this audience

- Passion for creating developer-centric content, such as docs pages or blog posts

Your enthusiasm to learn is just as important to us as what you currently know, hence the following skills are preferred but definitely not required:

- Experience in the cloud computing industry
- Website custom coding with WordPress, HTML, and CSS (from custom integrations to any other intricate changes on our website and landing pages)
- Effectively communicating with leads and orchestrating sales demos

What your colleagues are saying about antsle:

- Our culture is based on mutual trust and empowerment of each individual on our team. We believe that human dignity is inviolable, and that open communication independent of corporate hierarchy is key to success. We are all part of this winning team, where you, too, can thrive in our autonomous, innovative environment.
- Compensation is based on experience.
- Located in Downtown San Diego, you will enjoy beautiful weather year round, stunning beaches, a relatively low cost of living, and a thriving tech and startup community.
- We embrace cutting-edge and open-source technology (e.g. Clojure, using the functional programming paradigm, Gentoo, ZFS, etc.), where it is the most effective in our development process.

antsle is most decidedly an equal opportunity employer. We encourage applicants of diverse backgrounds without regard to race, color, gender identity, religion, national origin, ancestry, citizenship, physical abilities, age, sexual orientation, veteran status, or any other characteristic protected by law to apply.

Please submit your resume and an optional cover letter to careers@antsle.com with your first and last name along with the position you are applying for in the subject line. We're only accepting applications from those who are local to the greater San Diego area. Please do not apply if you live remotely.
