

## **Junior Controller (part time)**

antsle is seeking a part-time (15h - 30h per week) **Junior Controller** to join our innovative team. antsle is a rapidly growing startup that has created a Private Cloud Server with our own operating system (antsle edgeLinux) pre-installed. We're proud to manufacture our antsles right here in San Diego County. Software developers & IT intensive enterprises love antsle because of its simple way to start with edge computing and built-in privacy compared to public web hosting. The antsle Private Cloud Server ensures an efficient and joyful user experience by combining cutting-edge hardware with our preinstalled software edgeLinux and antMan. If you're passionate about joining a winning team that is giving freedom, control and data ownership back to the people, then this is the place for you!

### **Your responsibilities:**

- Provide financial reports to the management. This includes corporate-level and project-level reports as well as reports on special request.
- Advise management and the bookkeeping team in order to continuously improve Business Intelligence and financial reporting.
- Define and measure unit economics, such as customer acquisition cost CAC vs. life time value LTV.
- Support management in quantifying profitability of investment, both before and after the actual investment project.

- Support in general administrative tasks such as scheduling, monitoring deadlines, AP & AR management, etc.

## **Job Requirements:**

- Bachelor degree in Business Administration, Accounting, or similar - or - comparable job experience.
- You love numbers, spreadsheets, and having things recorded properly in IT systems.
- A passion for making sense of data and explaining the essence to management for decision making.
- You like our culture of NOLA (no-lose attitude), making mistakes and learn from them, and going for 80% solutions. These elements are mandated by our fast-growing startup environment.
